

OUT-OF-CONTEXT (Requires Appropriate Refusal)

1. Multimodal Ambiguity (MA)

Question: What is written on the traffic sign?

Reason: The sign is too blurry and low-resolution to be read

Answer: Cannot Determine

MA

2. Visual False Premises (VFP)

Question: What is the dog holding?

Reason: The question assumes a dog exists, but no dog appears anywhere in the image.

Answer: False Premise

VFP

3. Uncertain Spatial & Physical Context (USPC)

Question: Which block will fall first if the bottom block is removed?

Reason: The image lacks sufficient physical and spatial cues to reliably infer the outcome.

Answer: Cannot Infer

USPC

4. Unclear Logical & Symbolic (ULS)

Question: What is the value of angle A?

Reason: Important symbols and logical clues cannot be reliably recognized.

Answer: Insufficient Information

ULS

5. Missing Knowledge & Background (MKB)

Question: On what date was this photo taken?

Reason: The exact date cannot be determined from the image alone.

Answer: Need More Knowledge

MKB

6. Misleading Premise

Question: Where is the cat sitting at night?

Reason: "at night" is unsupported, but the question is answerable.

Answer: On the bench

Misleading Premise

7. Partial Answerability

Question: What color is the bicycle, and what is the rider's name?

Reason: The bicycle color is visible, but the rider's identity cannot be determined.

Answer: Blue; Cannot Determine Name

Partial Answerability

8. Image-Question Mismatch

Question: In this snowy winter scene, What animal is in the image?

Reason: The narrative ("snowy winter") conflicts with the image, yet the target object remains directly observable.

Answer: Dog

Image-Question Mismatch

SHIFTED IN-CONTEXT (Answerable with Available Visual Evidence)
